1	The only thing which is more a personal preference is when I came once before, the incident officer went in to more detail about her experience in going to the parents of a victim, from how she felt driving there, standing on the step waiting for the door to open, having to listen to them crying as she told them the news and then having them to take them to identify their child but not being allowed in the same room etc. The gentlemen that did it this time was very good but didn't go into that same detail and I think it is the detail that really makes it hit home.	2/7/2018 11:07 AM

4	- students commented that in a way they wanted to see more images of actual RTA's	2/6/2018 2:56 PM
5	Although statistically young men are more likely to be involved in RTA, it would be interesting to see the impact of including more reports of when young women have been at the wheel.	2/6/2018 2:34 PM
6	Seating of the students, this year they were dotted around a little bit and split in to small groups. Previous years we were sat together, just made head counting a bit more difficult.	1/30/2018 4:21 PM
7	none.	1/30/2018 4:19 PM
8	None	1/30/2018 3:18 PM
9	There was some discrepancy between the VT and the parents description of one of the incidents which led students to challenge the validity.	1/30/2018 3:14 PM
10	All positive! It takes an event like SDSA to have an impact on young drivers	1/30/2018 3:00 PM
11	None, it was all very moving..	1/30/2018 1:38 PM
12	Up to date info on legal consequences of drink / drug driving	1/30/2018 1:37 PM
13	No they felt is was very good	1/30/2018 1:03 PM
14	Possibly if a young driver that had caused a fatality had a slot in the spotlight	1/29/2018 11:42 AM
15	None	1/29/2018 11:18 AM
16	The introductory clip of Safe Drive Stay Alive that I showed to my students prior to attending the event seemed very similar to the event on the day.	1/26/2018 8:50 AM
17	thought the event was very well organised throughout from entering the hall to leaving! maybe you could have an ambulance/fire engine/police van to let students see what they are like and the equipment used??maybe a few more facts and figures to show the survival/fatality rates etc??	1/26/2018 7:14 AM
18	None	1/25/2018 4:46 PM
19	It would have been good to have more time to speak the families/services over refreshments	1/25/2018 4:30 PM

#	PLEASE TELL US WHY YOU WOULD / WOULD NOT RECOMMEND SAFE DRIVE STAY ALIVE	DATE
1	Without a doubt this was an amazingly moving, powerful performance that couldn't help but make you stop and think about driving habits etc and I would highly recommend it and even think it should be compulsory for all young drivers and even non drivers as there is a powerful message for them not to get in the car with drunk drivers.	2/7/2018 11:07 AM
2	Excellent experience for all students and staff	2/6/2018 5:32 PM
3	Excellent learning tool for young people	2/6/2018 3:09 PM
4	I have been to the performance for three years running and I am always pleased to see how it can influence our students in a positive way even though we may have to deal with a few teary students at the end.	2/6/2018 2:34 PM
5	It is a very powerful and moving performance and the students are always speaking highly of the effectiveness	1/31/2018 3:45 PM
6	This is a very important part of the education of our young people in schools and colleges. At the time when they are having lessons and passing their tests, it is essential that they realise the dangers associated with driving, as well as enjoying the freedom and independence that it brings.	1/30/2018 5:57 PM
7	The info given out and the presentation of it, is a must for all young people. The wider the audience the more people could be reached.	1/30/2018 4:21 PM
8	To make drivers aware of how safe they need to be on the roads	1/30/2018 3:00 PM
9	This is the third year I have brought students and each time has been very beneficial. It links closely to one of our units and makes the learners analyse their ability and willingness to travel in cars and how to conduct themselves when doing so.	1/30/2018 2:20 PM
10	To get people to think about how their actions/decisions can impact on others.	1/30/2018 1:38 PM
11	It should be opened up to all areas of our college, we are possibly introducing it as a tutorial across college in 2018/19	1/30/2018 1:03 PM
12	the more target audience's that participate the safer the roads will be	1/29/2018 11:42 AM
13	I think it's important for the reality of it is shared. No one ever thinks it will happen to them, so highlighting what does happen and the effects of the aftermath need to be understood in order for people to think twice.	1/26/2018 4:26 PM
